

AIRCRAFT BATTERY

Type 20 KSX 20 P

(NSN 6140430013747)

Technical data

Battery nominal voltage:	24 V
Nominal capacity C_5 :	20 Ah
Cycle life:	min. 250 cycles
Weight:	max. 22 kg
Operating temperature:	from -40°C to +60°C
Dimensions (in mm) length x width x height:	427 x 129 x 188

Application

- Aircraft engine start-up.
- Emergency power system for onboard control devices.
